CHALLENGE DESCRIPTION

Salzburg Wohnbau GmbH is a company that is a leading company in the building construction sector in Salzburg and repeatedly implements innovations of various technical and commercial types. After the focus on energetic optimization through to load shift models and the Smart Grid Salzburg model region, research activities in the field of recycling and materials management are now being intensified. For this purpose, the CiCo research project was conceived 2 years ago. The CiCo Circular Concrete project is a project with 6 research partners from the university sector, the structural implementation and the structural quality assurance by the Structural Test and Research Institute of the State of Salzburg.

Category:

Via inno up, Salzburg Wohnbau is looking for innovative start-ups with solutions, services or technologies for the digitization of the project cycle in building construction. Cooperation with startups is of great interest in six subject areas (from the project described above) - namely:

- Digital inventory (scan to BIM)
- BIM as a planning and calculation basis
- 3D printing in the construction industry
- Demolition of buildings in the sense of circular economy (recycling of the primary material)
- CO2 enrichment of recycled building materials
- Material combinations in the optimization of their retention behavior

For these tasks, we are looking for further development opportunities, on the one hand to get from the (partially existing) prototypes to series production and on the other hand to professionalize and expand the conceptual approaches.

Eligibility criteria:

In order to take part in the Salzburg Wohnbau challenge, your startup should meet the following criteria:

- your startup has already been founded
- First experiences in the real estate industry
- ideally a diverse team (project management, developers, technical professions)
- Willingness to integrate or collaborate with R/D projects

Offer to the winning team:

Salzburg Wohnbau offers:

- equity-free prize money of EUR 5,000 for the winning team
- an equity-free prize money of EUR 1,000 each for the finalists
- in case of success: establishment of a long-term, joint cooperation for the implementation of the winning project
- for the duration of the cooperation (max. up to 1 year) there is the possibility of using office space in the Maker Space Salzburg (city)

Legal Disclaimer:

All natural and legal persons of full age are eligible to participate, provided they meet the above-mentioned participation criteria. Employees of Salzburg Wohnbau and their relatives as well as public officials are excluded from participation.

Salzburg Wohnbau defines a task (challenge) on the basis of which innovative start-ups register on an online platform via the project website www.inno-up.at. This platform is used to preselect eligible participants, which is then presented to the buddy company. The three most suitable (up to a maximum of five) startups for the final (pitch day) are then selected by Salzburg Wohnbau with the involvement of the coaches; the finalists will be informed via e-mail. In a final step, the ideas are finalized and presented. One or more winners can be chosen from the finalists. There is no legal entitlement to the conclusion of contracts or other business relationships between the participants/winners and Salzburg Wohnbau. Likewise, there is no legal entitlement to a final and/or the determination of a winner. The participants will not receive any compensation for their participation.

The conditions of participation, parts of the process or even the entire process can be changed at any time. The changes will be announced in good time and published on the www.inno-up.at platform.

It is possible and the participants expressly acknowledge that the research, development and other activities of the participants and Salzburg Housing overlap thematically. No claims

arise from this for the participants. The participant registration is considered as an express consent to this disclaimer.
